

# Situation

## *Getting to the LMAP*

The LMAP is on the third floor of the IPRA building, **no. 7 on the [map of the UPPA campus](#)** (pdf - 795 Ko).

## Getting to the LMAP from the railway station

The Pau **IDELIS** | 🚏 bus network provides a regular service:

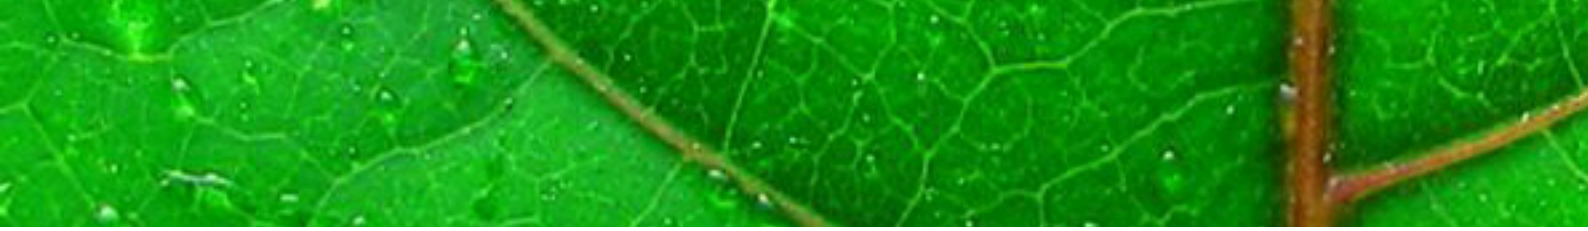

- Take the no. 20 bus to "Uzein - Uzein Aéroport". Get off at the "Pau - Université" stop.
- Take the no. 02 bus to "Pau - Centre Hospitalier". Get off at the "Pau - Université" stop.

## Getting to the LMAP from the airport

There is a **shuttle service** | 🚏 between the airport and the town center (proxilis20 line, University stop). Another solution is to take a taxi. If you decide to hire a car:

- On exiting the airport, take the road to the right on the rotary.
- At the second rotary, turn right (do not follow the direction "Pau" at the first rotary).
- At the next rotary, turn left (onto the bypass) following signs to Tarbes.
- At the next rotary, turn right towards the town center.
- At the second rotary, turn right then take the first turning left.
- When you reach the campus (northern entrance), turn left then an immediate right, then take the last turning left: the IPRA is the last building.

## Getting to the LMAP from the A64 highway

The campus is not far from the highway.

- Take exit no. 10 (Pau center).
- On exiting the highway, go straight on towards the town center on the rotary.
- At the second rotary, turn right then take the first turning left.
- When you reach the campus (northern entrance), turn left then an immediate right, then take the last turning left: the IPRA is the last building.
